Hello Mirco,

I've implemented this in Git branch 146.

It needs the patch for #147 to be applied first, as this one depends on methods created there.

Please apply this to trunk/, and tell me when I can close the ticket and merge the branches into my git's master.

Kindly,

David

Patch looks good except the abuse of copying variables to fields why they simply exist in the base class already, please remove these:

<pre>
private [[PersonChatModel]] _personChat;
private [[IrcProtocolManager]] _IrcProtocolManager;
</pre>

Also don't do this:

<pre>
using Gtk;
</pre>

that causes conflicts with types and Gtk is _very_ short to type.

01/02/2010 04:32 AM - Mirco Bauer

- Target version changed from 0.8 to 0.7

01/03/2010 08:25 PM - Mirco Bauer

- Assigned to changed from David Paleino to Clément Bourgeois

01/04/2010 09:49 PM - Clément Bourgeois

- % Done changed from 0 to 100

Everything is implemented now. You can merge for testing.
