Updated:	05/14/2015	**Due date:**	
Complexity:	Medium		
Found in Version:			
Subject:	Nicknames of others should not trigger highlights		
Description:	when using an irc bouncer, if you talk from another client it will show up as a highlight on smuxi as shown here: http://puu.sh/eGZ0l/1f2a4cbcea.png		

History

01/18/2015 06:07 PM - Mirco Bauer

- Subject changed from Name highlight - Incorrect range to Nicknames of others should not trigger highlights

- Category changed from Frontend to Engine

- Target version set to 0.11.1

05/14/2015 08:51 AM - Mirco Bauer

- Target version deleted (0.11.1)

- Complexity changed from Low to Medium

Not sure why I have set complexity to low, but the issue is that the nickname regex for highlights is matched again's the complete received message, including the nickname part. This has to be fixed. This branch on github is related to this issue: https://github.com/meebey/smuxi/tree/experiments/msg_sender_parser

05/14/2015 08:53 AM - Mirco Bauer

https://github.com/meebey/smuxi/blob/master/src/Engine/Messages/MessageBuilder.cs#L457

This would need to only match against the body of the message, not all parts of it.
