Found in Version:	dist-win32 0.11-rc5		
Subject:	Windows installer puts icon on desktop without consent		
Description:	<p>After installing Smuxi on Windows, I have a 'Smuxi' icon on my desktop but I was not prompted during the installer to see if this is okay.</p> <p>Installers should respect the desktop, and at a minimum, have an option (default true) "Create desktop icon for \$APPNAME".</p>
