Smuxi - Bug # 1052: Auto-resize issues with small windows

Status:	New	**Priority:**	Normal
Author:	Trae Santiago	**Category:**	Frontend GNOME
Created:	05/06/2015	**Assigned to:**	
Updated:	06/26/2015	**Due date:**	
Complexity:	Medium		
Found in Version:	1.0-rc2		
Subject:	Auto-resize issues with small windows		
Description:	Small windows cause both the left and right sidebar to become unusable. I realize this seems like an odd resolution at first glance, however, this resolution is half (width-wise) of 1920x1080, specifically so that I can utilize a monitor for 2 windows.
