

## Smuxi Issues [FROZEN ARCHIVE] - Feature # 1053: Spell checking on Windows

<b>Status:</b>	New	<b>Priority:</b>	Normal
<b>Author:</b>	Mirco Bauer	<b>Category:</b>	Frontend GNOME
<b>Created:</b>	05/10/2015	<b>Assigned to:</b>	Mirco Bauer
<b>Updated:</b>	05/11/2015	<b>Due date:</b>	
<b>Complexity:</b>	Medium		
<b>Subject:</b>	Spell checking on Windows		
<b>Description:</b>	<p>Smuxi already supports spell checking on Linux by using the libgtkspell library. This library needs to be ported/build on Windows so Smuxi can also use it there. Or Smuxi needs to use a different library that Windows supports.</p> <pre>&lt;pre&gt; 05:45:23 &lt;Codrus&gt; Is it planned to ever have spellcheck for the windows version? 05:54:50 &lt;pereba&gt; they could implement Windows 8+ native spell check, Hexchat integrated that recently in dev version. &lt;/pre&gt;</pre>
