Subject:	Q spams across channels on Quakenet		
Description:	currently the quakenet channel services spam goes over all channel buffers, would be nice if it stayed in server buffer. also, extended whois doesn't show idle time info.		

History

02/04/2016 08:05 PM - Mirco Bauer

- Subject changed from Quakenet & stuff to Q spams across channels on Quakenet

- Category set to Engine IRC

02/05/2016 04:42 PM - Mirco Bauer

- Status changed from New to Feedback

Can you please provide an example of what the message looks like? If possible with a channel I can test this with.
