| <b>Subject:</b>     | Highlights are not always remembered  |                     |                |
| <b>Description:</b> | Seems like when a highlight is shown (because you are on the chat) it's not remembering it as already seen highlight. |                     |                |

### Associated revisions

---

#### 01/10/2010 07:21 PM - Mirco Bauer

Fixed syncing the last seen highlight (closes: #149)

Notebook/ChatView:

- The last seen highlight was only synced when the chat was switched. Now every highlight that hits the frontend will be synced with the engine using a TaskQueue in ChatView.

MainWindow:

- Fixed the regression that wasn't clearing the highlight state of the tab when switching from a different window to Smuxi.
