Smuxi Issues [FROZEN ARCHIVE] - Bug # 158: Minimises when switching workspace

Status:	Closed	**Priority:**	Normal
Author:	Iain Lane	**Category:**	Frontend GNOME
Created:	03/08/2009	**Assigned to:**	Mirco Bauer
Updated:	08/10/2009	**Due date:**	
Subject:	Minimises when switching workspace		
Description:	When I have the notification icon set to display on minimisation, smuxi (0.6.3) always minimises when I switch workspaces. If the icon is disabled or set to always show, this behaviour does not happen. When this first happened I thought smuxi had crashed :O

Disabled the "minimize to tray" feature as metacity is using the WindowState.Iconified already when switching to other workspaces. (closes: #158)
