

## Smuxi - Bug # 164: TaskQueue might leak resources

<b>Status:</b>	Closed	<b>Priority:</b>	High
<b>Author:</b>	Mirco Bauer	<b>Category:</b>	Common
<b>Created:</b>	04/05/2009	<b>Assigned to:</b>	Mirco Bauer
<b>Updated:</b>	08/13/2009	<b>Due date:</b>	
<b>Subject:</b>	TaskQueue might leak resources		
<b>Description:</b>	<p>It seems like TaskQueue [0] is not freeing the thread in all cases.</p> <p>1) .WaitOne() is used to wait for the next task, if there is no task and will never be (GCed or Disposed) it will wait forever.</p> <p>2) In the case an exception, the user might abort it's operation but TaskQueue does not.</p> <p><a href="http://projects.qnetp.net/repositories/entry/smuxi/src/Common/TaskQueue.cs">http://projects.qnetp.net/repositories/entry/smuxi/src/Common/TaskQueue.cs</a></p>
