Smuxi Issues [FROZEN ARCHIVE] - Bug # 164: TaskQueue might leak resources

Status:	Closed	**Priority:**	High
Author:	Mirco Bauer	**Category:**	Common
Created:	04/05/2009	**Assigned to:**	Mirco Bauer
Updated:	08/13/2009	**Due date:**	
Subject:	TaskQueue might leak resources		
Description:	It seems like TaskQueue [0] is not freeing the thread in all cases.		

It seems like TaskQueue [0] is not freeing the thread in all cases.

1) .WaitOne() is used to wait for the next task, if there is no task and will never be (GCed or Disposed) it will wait forever.

2) In the case an exception, the user might abort it's operation but TaskQueue does not.
