<b>Subject:</b>	Please support banshee-style tray behaviour		
<b>Description:</b>	<p>Hi,</p> <p>This is a feature request for banshee-style tray behaviour:</p> <ul style="list-style-type: none"><li>- The notification icon is always shown</li><li>- Clicking the close button should minimise to tray</li></ul> <p>(I think the tray configuration UI is unintuitive btw - IMO it's unnecessary; don't think many other applications support this kind of configuration. But that is another issue I guess.)</p> <p>Iain</p>
