Subject:	Windows installer thinks 2.12.9 is older than 2.12.9		
Description:	The windows installer wants to download and install GTK# 2.12.8 even if it detected GTK# 2.12.9. That's probably a leftover from the broken but now fixed GTK# 2.12.9 installer...

Detect current and newer versions of GTK# correctly and install GTK# 2.12.9-2 by default. (closes: #195)
