| Subject: | Day change line is not honoring the local timezone | | |
| Description: | <p>When the day changes the frontend shows a "day change line" so the user can see with a regular time-only timestamp on which day it was. The day change line is using UTC instead of the local timezone of the frontend it seems. See this example:</p> <pre><pre> 01:59:26 <meebey> mache grad platz, kannst nach -2 dann packen -!- Day changed to Wednesday, 07 October 2009 02:02:18 <meebey> so ich bin dann pofen, gn8 </pre></pre> | | |
