Updated:	01/10/2010	Due date:	
Complexity:	High		
Subject:	Process "On Connect Commands" for Quick Connect		
Description:	If there are commands defined on the "On Connect Commands" box of a server the Quick Connect will not process those. They are only processed if the "Automatically connect to server at startup" is checked for that server.

Implemented on connect commands in quick connect dialog (closes: #236)

QuickConnectDialog:

- Added "On Connect Commands" textview with "Ignore Commands" checkbox.
- Enlarged the default dialog size to 640x480.
- Fixed Twitter support in QuickConnectDialog, the hostname and port entry fields were not disabled.

Session:

- Refactored "OnConnectCommands" processing by moving that out of RegisterFrontendUI() into Connect().

History

- Complexity set to High

This one is difficult to implement as it needs refactoring of the code that executes the commands to a better place.
