Smuxi Issues [FROZEN ARCHIVE] - Feature # 287: Link Twitter posts

Status:	Closed	**Priority:**	Normal
Author:	Mirco Bauer	**Category:**	Engine Twitter
Created:	01/10/2010	**Assigned to:**	Andrés G. Aragoneses
Updated:	05/04/2016	**Due date:**	
Complexity:	High		
Subject:	Link Twitter posts		
Description:	When Smuxi shows tweets it should make the timestamp a link to the webpage. That way users and simply read more messages from the user and also copy the link for friends (like on IRC).

Engine(-Twitter), Frontend-GNOME(-Twitter): add ID to MessageModel for linking tweets (closes: #287)

In some engines such as Twitter, each message can contain a publicly

accessible URL associated to it. So we add the possibility to include

the ID of the tweet in MessageModel as a property, so that the

Frontend-GNOME-Twitter can form the URL needed to link from its

timestamp (inspired in how the Twitter web UI works: if you click on

the date of the message, you go to the URL of the single tweet).

History
