Smuxi Issues [FROZEN ARCHIVE] - Bug # 293: Crash when using numeric passwords

Status:	Closed	**Priority:**	Urgent
Author:	Mirco Bauer	**Category:**	Engine
Created:	01/13/2010	**Assigned to:**	Mirco Bauer
Updated:	02/01/2010	**Due date:**	
Complexity:	Medium		
Subject:	Crash when using numeric passwords		
Description:	If you add a server to Smuxi that only uses digits for the username or password, then Smuxi will crash. This is a bug in the config backend. The only workaround is currently to change the value so it contains at least one non-digit. The value can be changed by opening the smuxi-engine.ini file using a text editor.

Implemented Get<T>() which doesn't mess up types depending on the value (closes: #293)
