| **Complexity:** | Low | | |
| **Subject:** | /invite command should accept optional target parameter | | |
| **Description:** | The /invite command currently uses the current channel as target. This is not convient in all cases, as sometimes users have difficult to spell nicks and it might be simpler to switch to a channel where the user currently is and then specify the target channel manually. Example: <pre> /invite TCW #smuxi.de </pre> | | |

## Associated revisions

### 06/10/2010 08:58 PM - Mirco Bauer

Added support for passing a channel to the invite command. (closes: #349)
