

Smuxi - Bug # 373: Removing a default server and adding it back fails

Status:	Closed	Priority:	Urgent
Author:	Mirco Bauer	Category:	Engine
Created:	05/04/2010	Assigned to:	Mirco Bauer
Updated:	06/06/2010	Due date:	
Complexity:	Low		
Subject:	Removing a default server and adding it back fails		
Description:	<p>When you remove a default server like irc.oftc.net and then trying to add it back you will get an error saying that it already exists:</p> <pre><pre> Unable to add server: Cause: Server 'irc.oftc.net' already exists. </pre></pre> <p>That's because Smuxi is keeping the server in the default settings and when it checks if the server exists, it sees that default one.</p>
