<b>Subject:</b>	Status / tray icon can be seen when starting Smuxi		
<b>Description:</b>	<p>When Smuxi starts and the tray icon is not enabled it still can be seen very shortly. This happens because the tray icon gets initialized, then hides and then the settings get applied to either make it visible or not, see: <a href="http://git.qnetp.net/?p=smuxi.git;a=blob;f=src/Frontend-GNOME/Frontend.cs;h=384ceb0581c89a9fc5e92d25da96f76aea430eb9;hb=HEAD#l218">http://git.qnetp.net/?p=smuxi.git;a=blob;f=src/Frontend-GNOME/Frontend.cs;h=384ceb0581c89a9fc5e92d25da96f76aea430eb9;hb=HEAD#l218</a></p> <p>Smuxi should do late initialization of the tray icon then this wouldn't happen.</p>
