Smuxi Issues [FROZEN ARCHIVE] - Feature # 478: Make IRC nickname more visible

Status:	New	Priority:	Normal
Author:	Mirco Bauer	Category:	Frontend GNOME
Created:	09/07/2010	Assigned to:	Mirco Bauer
Updated:	11/26/2013	Due date:	
Complexity:	Medium		
Subject:	Make IRC nickname more visible		
Description: Right now the currently used IRC nickname is not very visible. The			le. The nick can only be seen on the servertab
	watching the usermode change "-!- Mode change [+i] for user meebey", when joining a channel "-!- meebey [meebey@123.123.123.123] has joined #smuxi" or when saying a message. Instead Smuxi should always		
	show the currenly used nick on the label of the IRC server tab, just like the Twitter support does.		
	At the same time a new and better format should be used for IRC and Twitter for consistency:		
	<pre><pre></pre></pre>		
	OFTC/meebey		
	GIMPnet/meebey		
	Twitter/meebey		
	This could be even further enhanced in the future by using protocol specific icons, then the "Twitter" part		
	could be removed for example.		

History

One issue is that the nickname can be changed on IRC while the tab name currently can't be changed.

11/20/2011 07:14 PM - Ingo Saitz

Another idea might be to display the current nick in the status bar at the bottem next to the joined network or in the window title.
