Updated:	09/09/2010	**Due date:**	
Complexity:	Low		
Subject:	Add info icons to settings		
Description:	For more complex features, which can be adjusted in the settings, it would be really cool to add an info icon in the settings which is linked to a FAQ explaining it, if such a FAQ is already available. E.g. for the filter feature, where the FAQ explains exactly how to filter out join/part/quit messages but no other messages etc.
