Subject:	Support creating new servers with connect	
Description:	It took me several minutes to figure out that I had to add servers before using /connect on them.  irssi's /connect looks like this:  CONNECT [-4   -6] [-ssl] [-ssl_cert <cert>] [-ssl_pkey <pkey>] [-ssl_verify]  [-ssl_cafile <cafile>] [-ssl_capath <capath>] [-noproxy] [-network <network>]  [-host <hostname>] [-rawlog <file>] <address> <chatnet> [<port> [<password> [<nick>]]]</nick></password></port></chatnet></address></file></hostname></network></capath></cafile></pkey></cert>	
It would be awesome if smuxi's supported taking a server parameter (and the rest of them) a server record if it doesn't already exist.		d taking a server parameter (and the rest of them) and created the
