

Smuxi - Feature # 565: Reorder server list

Status:	New	Priority:	Normal
Author:	Carlo Kok	Category:	Frontend GNOME
Created:	02/18/2011	Assigned to:	Mirco Bauer
Updated:	02/20/2011	Due date:	
Complexity:	Medium		
Subject:	Reorder server list		
Description:	<p>What would be great is an option to reorder the server list in:</p> <p><a href="http://rorox.remobjects.com/Carlo/2011-02-18_1711.png">http://rorox.remobjects.com/Carlo/2011-02-18_1711.png</a></p>		

History

<b>02/18/2011 04:24 PM - Carlo Kok</b> this list defines in which order the initial connect (ie each reboot) happens in.
<b>02/20/2011 06:12 AM - Mirco Bauer</b> - File 2011-02-18_1711.png added - Category changed from Frontend to Frontend GNOME - Complexity set to Medium The servers in the config of Smuxi are currently not numbered, they simply rely on insert-order. This is related to #553 as there is no ID but the hostname used as key. So the server list should allow to change the order of the servers.
