### Associated revisions

#### 03/07/2011 10:47 PM - Mirco Bauer

[Frontend-GNOME] Don't rely on the Closed signal of notifications. (closes: #574)

The Closed signal might not be raised and would leave old notifications behind which we will try to re-close leading to an exception.

#### 03/13/2011 11:06 PM - Mirco Bauer

[Frontend-GNOME] Don't try to close already expired notifications (references: #574)

The notification daemon will return an error response if we try to close a notification that expired and was already closed.
