| Subject:          | Different timestamps shown for bashcompletion and received msgs.   |              |                |
| Description:      | Using a remote engine configured smuxi and the bashcompletion feature there is a different time stamp used for system composed stamps (time of remote engine) and all other information (see screenshot) |              |                |
