

## Smuxi Issues [FROZEN ARCHIVE] - Feature # 686: Show/Hide Events mode

<b>Status:</b>	New	<b>Priority:</b>	Normal
<b>Author:</b>	Mirco Bauer	<b>Category:</b>	Frontend GNOME
<b>Created:</b>	01/29/2012	<b>Assigned to:</b>	Mirco Bauer
<b>Updated:</b>	06/25/2012	<b>Due date:</b>	
<b>Complexity:</b>	Medium		
<b>Subject:</b>	Show/Hide Events mode		
<b>Description:</b>	Smuxi should allow to hide all events temporarily using a View -> Show Events check button in the menu. This would allow to ignore event noise and look at it when needed. By default it should show events though.
