

## Smuxi Issues [FROZEN ARCHIVE] - Feature # 734: Support proxy by-pass list setting

<b>Status:</b>	New	<b>Priority:</b>	Normal
<b>Author:</b>	Mirco Bauer	<b>Category:</b>	Engine
<b>Created:</b>	07/16/2012	<b>Assigned to:</b>	Mirco Bauer
<b>Updated:</b>	01/22/2014	<b>Due date:</b>	
<b>Complexity:</b>	Medium		
<b>Subject:</b>	Support proxy by-pass list setting		
<b>Description:</b>	If proxy settings are not set to <System Proxy>, there is no way to define which names or IPs to by-pass the proxy. This is particular useful for use with tor. Smuxi should allow to define names and/or IPs to ignore the proxy settings.		

### History

\*bump\*

I'd like a little checkbox in the server connections dialogue for 'Use configured proxy' if a manually specified proxy exists.

I need the manually specified SOCKS4 proxy for IRC, Gtalk and Twitter, but can't connect to my internal XMPP server for work chat.

You ask for something else, this is about a global proxy exclude list. Create a ticket for your request then.
