| Subject:          | Focusing the message text view no longer moves the focus to the entry  |              |                |
| Description:      | Smuxi used to move the focus to the entry if the message text view is clicked/focused (if the caret mode is disabled), but this no longer happens. |              |                |
