Smuxi Issues [FROZEN ARCHIVE] - Feature # 775: Use Telepathy as account provider

Status:	New	**Priority:**	Normal
Author:	Mirco Bauer	**Category:**	Frontend GNOME
Created:	10/21/2012	**Assigned to:**	Mirco Bauer
Updated:	03/21/2014	**Due date:**	
Complexity:	High		
Subject:	Use Telepathy as account provider		
Description:	Smuxi could use existing accounts of Telepathy and import them into Smuxi or only show them for use. That way the user would have a very easy migration experience from Telepathy to Smuxi.		

History

The DBus API of Telepathy doesn't seem to expose the "protocol" field which is essential:

http://telepathy.freedesktop.org/spec/Account.html

The GLib based C API does expose it though:

http://telepathy.freedesktop.org/doc/telepathy-glib-0.10.x/telepathy-glib-account.html#tp-account-get-protocol

So Smuxi should provide a telepathy-glib GIR-based binding

03/21/2014 11:31 AM - Mirco Bauer

The protocol is part of the dbus API path IIRC.
