Smuxi Issues [FROZEN ARCHIVE] - Bug # 830: Crashes on opensuse 12.3

Status:	Rejected	**Priority:**	High
Author:	Brandon Watkins	**Category:**	
Created:	04/16/2013	**Assigned to:**	
Updated:	02/23/2016	**Due date:**	
Complexity:			
Found in Version:	0.8.10		
Subject:	Crashes on opensuse 12.3		

Description:

Installing smuxi on a clean (but fully updated) install of opensuse 12.3 results in an immediate crash every time I try to open smuxi. the GUI just never opens. If I open it via the terminal I see these errors:

```
Missing method System.Reflection.Assembly::op_Equality(Assembly,Assembly) in
assembly /usr/lib/mono/2.0/mscorlib.dll, referenced in assembly
/usr/lib/mono/gac/log4net/1.2.10.0__200a2bd1219e83a8/log4net.dll

Unhandled Exception:
System.TypeInitializationException: An exception was thrown by the type
initializer for Smuxi.Frontend.Gnome.MainClass --->
System.MissingMethodException: Method not found:

This is because mono not using the correct runtime. You can fix this to add the following lines into the <configuration> Section in the files

/usr/lib/smuxi/smuxi-server.exe.config
/usr/lib/smuxi/smuxi-frontend-gnome.exe.config

```
<startup>
    <supportedRuntime version="v4.0.30319" />
</startup>
```

regards

Kai

04/29/2013 10:23 AM - Kai Korla

-<startup>
<supportedRuntime version="v4.0.30319" />
</startup>-

Please use

<startup>
  <supportedRuntime version="v4.0" />
</startup>

regards
Kai

I hope the packages will be fixed by passing MCS=/usr/bin/dmcs to ./configure, else it will use the default compiler which is /usr/bin/gmcs. Do you know if opensuse has a bug report about this already? Because in Smuxi I can't fix this...

02/23/2016 12:16 PM - Mirco Bauer

- Status changed from New to Rejected

This is not a bug in Smuxi
