

Smuxi - Bug # 836: NullReferenceException in IrcClient._Event_JOIN()

Status:	Closed	Priority:	Normal
Author:	Mirco Bauer	Category:	Engine IRC
Created:	05/05/2013	Assigned to:	Mirco Bauer
Updated:	08/10/2013	Due date:	
Complexity:	High		
Found in Version:	smuxi-server 0.8.11.0 (master/bf0ed8b)		
Subject:	NullReferenceException in IrcClient._Event_JOIN()		
Description:	<pre> 15:50:16 WRITE: NICK XXX 15:50:16 WRITE: USER XXX 0 * :YYY 15:50:16 -!- Connection to irc.freenode.net established 15:50:26 -!- Connection error! History

05/19/2013 10:45 AM - Mirco Bauer

- Target version changed from 0.8.10.2 to 0.8.11.1

08/09/2013 08:33 PM - Infinity Zero

This leaves the network disconnected but all tabs open. Worse, there is no status update in either those tabs or their logs that this disconnection has taken place! This seems like a separate bug of "not enough error detection". If the network disconnects because of some other bug (i.e. not this bug), at least the tabs and logs should say so!

Back to this bug; after the disconnect, when one tries to reconnect using /server, without closing existing tabs, subsequent channel joins fail with Db4objects.Db4o.Ext.DatabaseFileLockedException instead of giving a "Already joined to channel" warning as usual.

```

</pre>

08/10/2013 11:50 AM - Mirco Bauer

- Status changed from New to Closed
- % Done changed from 0 to 100
- Complexity changed from Low to High

I believe this was a symptom of state corruption caused by a bug in the IRC socket buffer/queue, fixed in commit:37cc7c4acfb42fd5dec1d1366e7f9a212fe261d5

08/10/2013 11:52 AM - Mirco Bauer
