

Smuxi - Bug # 879: Active tab never shows activity-color even when Smuxi is running in the background

Status:	Closed	Priority:	Normal
Author:	Bianca Mix	Category:	Frontend GNOME
Created:	09/14/2013	Assigned to:	Mirco Bauer
Updated:	12/20/2013	Due date:	
Complexity:	Low		
Found in Version:			
Subject:	Active tab never shows activity-color even when Smuxi is running in the background		
Description:	It is currently not possible to see just from the tab list whether in the active tab something has been written or not. Smuxi shows neither event nor activity color. When Smuxi is running in the background this behaviour should be changed. The activity and event color should be shown. Once Smuxi is in the foreground again, the colors shall be removed again.
