Updated:	01/26/2014	Due date:	
Complexity:			
Subject:	use background color for marking messages with highlight words		
Description:	<p>I would like to have highlighted the background of the highlighted line with an userchoosable color instead of my nick. It would be easier for users to find the highlighted lines.</p> <p>As default i would appreciate a light color like a bright yellow.</p>
