| Subject:          | Engine Assistant - SSH Credentials -- not possible to set SSH Keyfile back to null   |              |                |
| Description:      | <p>Steps to reproduce:</p> <ol style="list-style-type: none"><li>1. Start setting up a remote Smuxi engine.</li><li>2. Fill in engine name, "Use SSH Tunnel" == True, an SSH hostname.</li><li>3. In "Credentials" screen, add an SSH Keyfile.</li><li>4. Try to unset the SSH Keyfile field. You can't.</li></ol> <p>This applies also to saved remote engine profiles.</p> |              |                |
