Please, use UTF-8. ?????????, ?????????? UTF-8 01:33 -ChanServ (ChanServ@services.)- [##kernel] Welcome to ##kernel - Feel free to ask, don't ask if you can ask. 01:33 -ChanServ (ChanServ@services.)- [##OpenGL] As per http://freenode.net/policy.shtml#aboutchannels we are now ##OpenGL. If you were using irssi and tried to join #OpenGL, you might need to part and join again, irssi is a bit flaky with redirects. </pre> this kind of messages shoul be shown on the page/channel of IRC-server, not on several individual channels, i think</pre>
