Subject:	Right-click -> Close, on Twitter, shows pointless warning dialog		
Description:	<p>Right-click -> Close, on Twitter, shows pointless warning dialog:</p> <p>"Closing the protocol chat will also close all open chats connected to it! Are you sure you want to do this?"</p> <p>This is pointless in the case of twitter because disconnecting twitter backend doesn't show any disconnection to your followers.</p>
