

## Smuxi Issues [FROZEN ARCHIVE] - Bug # 1104: bitcoin pattern false positive

<b>Status:</b>	Closed	<b>Priority:</b>	Normal
<b>Author:</b>	Andrés G. Aragoneses	<b>Category:</b>	Engine
<b>Created:</b>	06/05/2017	<b>Assigned to:</b>	Mirco Bauer
<b>Updated:</b>	06/20/2017	<b>Due date:</b>	
<b>Complexity:</b>			
<b>Found in Version:</b>			
<b>Subject:</b>	bitcoin pattern false positive		
<b>Description:</b>	<p>(I'm guessing this bug was introduced in <a href="https://github.com/meebey/smuxi/commit/9469328cee27d79c00b6e89c7a4e724aa29e1816">https://github.com/meebey/smuxi/commit/9469328cee27d79c00b6e89c7a4e724aa29e1816</a> ;) )</p> <p>Steps to reproduce:</p> <ol style="list-style-type: none"><li>Someone mention an ethereum transaction ID in a channel, e.g.: 0x5cdc7e220fd116af780e64a04392b25c1a3d1c86d1b2ca2fea821294290e0f3c</li></ol> <p>Current results:</p> <p>Part of the ETH-transaction ID gets underlined as a bitcoin-URI link: 392b25c1a3d1c86d1b2ca2fea82129429</p> <p>Expected results:</p> <p>Shouldn't highlight as link.</p> <p>Implementation suggestion: my guess is that we need a similar approach to what I did here: <a href="https://github.com/meebey/smuxi/commit/dd7d45f46e13a22dfacb2c57a00a2324c56328ae">https://github.com/meebey/smuxi/commit/dd7d45f46e13a22dfacb2c57a00a2324c56328ae</a> , since the bug I fixed there was similar (finding a message pattern inside a bigger message, when the regex should try to find delimiters).</p>
