<b>Updated:</b>	02/15/2016	<b>Due date:</b>	
<b>Complexity:</b>	High		
<b>Subject:</b>	Connection/Sync dialog when connecting to a remote engine		
<b>Description:</b>	When connecting to a remote engine the sync takes a while to complete. During the sync it should show a dialog with a progress bar instead of stalling the whole GUI.

- Target version set to 0.8

- % Done changed from 0 to 30

Started the implementation in GIT branch feature/#177\_sync\_dialog:

Postponed to 0.7 as this needs some major refactoring between Frontend, EngineManager, EngineManagerDialog and EngineConnectProgressDialog.

This is a bit obsolete now with the new background sync and sync progress bar see #624

But the pull-sync is still cleaner than the push-sync and should be looked into.

- Status changed from New to Rejected

This is really obsolete now, it simply makes no sense to show a progress dialog when it syncs in the background already, nothing to improve here.
