<b>Subject:</b>	LISTMODE Support		
<b>Description:</b>	<p>In order to cleanly fetch all modes from a channel Smuxi should support the LISTMODE feature as defined in:</p> <p><a href="http://www.shanemcc.co.uk/irc/#listmode">http://www.shanemcc.co.uk/irc/#listmode</a></p> <p>This will allow Smuxi to sync all modes without the currently used banlist hack that is needed when joining a new channel to know when all modes are received.</p>

The implementation can be tested against the eloxoph IRCd:

```
<pre>
```

```
<Elmaron@Eloxoph> I implemented it into weircd aswell as it's not hard to do and is a senseful addition imho
```

```
<Elmaron@Eloxoph> so you can test it on eloxoph if you want to
```

```
</pre>
