Pass unknown IRC commands to the IRC server (closes: #25)

History

- Target version set to 0.7

As Smuxi now shows unknown replies from the IRCd directly, we should do this for sending uknown commands to the IRCd too, see #256

- Complexity set to Low

This doesn't have to be an option, as we show by default unknown replies too. IrcProtocolManager.Command() needs to handle this.
