

Smuxi Issues [FROZEN ARCHIVE] - Feature # 316: Handling undefined user modes

Status:	New	Priority:	Normal
Author:	Ramza Restule	Category:	Engine IRC
Created:	01/24/2010	Assigned to:	
Updated:	01/05/2012	Due date:	
Complexity:	Medium		
Subject:	Handling undefined user modes		
Description:	User mode +a adds a ! next to the username and Smuxi currently makes it part of the user name. When trying to send a private message with the Query feature, it sends it to !nick which does not exist. Also to use nick completion for such users you must use ! in front of the user's nick.		

History

02/10/2010 10:49 AM - Chris Le Sueur

The character is dependent on the server. I've known it be &, and also to have % and ~ for other modes.

02/11/2010 11:32 AM - Mirco Bauer

Smuxi 0.8 will be able to cope with this by parsing the RPL_ISUPPORT line which is common on most IRCds.

02/11/2010 11:33 AM - Mirco Bauer

- Category set to Engine IRC
- Target version set to 0.8
- Complexity set to Medium

08/28/2010 11:49 PM - Mirco Bauer

- Target version changed from 0.8 to TBD

01/05/2012 10:48 PM - Mirco Bauer

- Tracker changed from Bug to Feature
