

## Smuxi - Bug # 327: Using /rejoin on an unconnected channel blocks, gives error msg

<b>Status:</b>	Closed	<b>Priority:</b>	Normal
<b>Author:</b>	Kalle Kaitala	<b>Category:</b>	Engine IRC
<b>Created:</b>	01/31/2010	<b>Assigned to:</b>	Mirco Bauer
<b>Updated:</b>	02/01/2010	<b>Due date:</b>	
<b>Complexity:</b>	Low		
<b>Subject:</b>	Using /rejoin on an unconnected channel blocks, gives error msg		
<b>Description:</b>	<p>Continuation of bug #198 (Missing dictionary on Windows):</p> <p>User gets kicked from channel while a frontend is not connected. Windows client no longer throws exception on reconnection to the engine. However, using /rejoin in the channel window causes a block (frontend freezes while joining the channel), and throws the following error message into the IRC server tab:</p> <p>23:46:48 [442 (ErrorNotOnChannel) #smuxi] You're not on that channel</p> <p>Block is expected but annoying (especially on connections with high latency), error message is not expected.</p> <p>Smuxi version is 0.7.0.0 Windows, OS is Windows 7 Ultimate ENG (running client with normal user rights).</p>		

### Associated revisions
