Looks like a local GTK# version screw up to me. Please give me the output of `dpkg -l | grep -- -cil | egrep 'lib(glib|glade|gtk)'`. libgtk, libglade and libglib version must match.

02/23/2010 11:15 PM - Bianca Mix

~\$ `dpkg -l | grep -- -cil | egrep 'lib(glib|glade|gtk)'`

ii	libglade2.0-cil	2.12.9-3	CLI binding for the Glade libraries 2.6
ii	libglib2.0-cil	2.12.9-3	CLI binding for the GLib utility library 2.1
ii	libgtk2.0-cil	2.12.9-1~bpo50+1	CLI binding for the GTK+ toolkit 2.12
ii	libgtkhtml3.16-cil	2.20.1-3	CLI binding for GtkHTML 3.16

02/23/2010 11:54 PM - Mirco Bauer

- Status changed from New to Rejected

- 1 set to invalid

This issue is a local system issue and not an issue in Smuxi and could be solved by ensuring that all GTK# packages are using the same version.
