Smuxi Issues [FROZEN ARCHIVE] - Feature # 415: Open twitter hashtags like they are chats

Status:	New	**Priority:**	Normal
Author:	Mirco Bauer	**Category:**	Engine Twitter
Created:	07/25/2010	**Assigned to:**	Mirco Bauer
Updated:	05/13/2015	**Due date:**	
Complexity:	Medium		
Subject:	Open twitter hashtags like they are chats		
Description:	Twitter supports hashtags (e.g. #foo) to tag messages. Smuxi could allow to open a chat called #foo which creates a new tab that shows all messages that contain that hashtag. This idea comes from: http://twitter.com/Mkaysi/status/19500702868

Would be a nice Feature. "tircd", an IRC-Daemon to connect from an IRC-Client to Twitter had this feature too. I used it for some time, but tircd is obviously no longer developed.

It would be nice, if you could not only /join #hashtags, but any searchterm (even without "#")
