Subject:		IRC reconnect on timeout takes too long	
Description:		20:21 <meebey> when did I quit?	
		20:21 <yath> 20:10 -!- meebey [~meebey@e182077038.adsl.alicedsl.de] has quit [Ping timeout]	
		11 minutes is way too long... 3 to 6 max would be ok.

This might only happen because of the Thread.Abort() issues I have... since the lag indicator was implemented it reconnects pretty fastly.
