<b>Subject:</b>	Add info icons to settings		
<b>Description:</b>	<p>For more complex features, which can be adjusted in the settings, it would be really cool to add an info icon in the settings which is linked to a FAQ explaining it, if such a FAQ is already available.</p> <p>E.g. for the filter feature, where the FAQ explains exactly how to filter out join/part/quit messages but no other messages etc.</p>
