Complexity:	High		
Subject:	Zeitgeist Integration		
Description:	Smuxi should support Zeitgeist by providing interesting events to Zeitgeist such as start/end of private chats or when sending URLs to other people. That way the user can later track some of his activity via Zeitgeist. For implementation inspiration see: https://code.launchpad.net/~manishsinha/zeitgeist-dataproviders/reworked-tomboy/+merge/35961
