| <b>Subject:</b>     | Reorder server list  |                     |                |
| <b>Description:</b> | What would be great is an option to reorder the server list in:<br><br><a href="http://rorox.remobjects.com/Carlo/2011-02-18_1711.png">http://rorox.remobjects.com/Carlo/2011-02-18_1711.png</a> |                     |                |

### History

---

**02/18/2011 04:24 PM - Carlo Kok**

this list defines in which order the initial connect (ie each reboot) happens in.

**02/20/2011 06:12 AM - Mirco Bauer**

- File 2011-02-18\_1711.png added
- Category changed from Frontend to Frontend GNOME
- Complexity set to Medium

The servers in the config of Smuxi are currently not numbered, they simply rely on insert-order. This is related to #553 as there is no ID but the hostname used as key. So the server list should allow to change the order of the servers.
