Subject:	Language selection on Windows and Mac OS X		
Description:	Add an option for selecting the language of Smuxi on Windows as it isn't as straight forward as on *NIX.		
	"set LANG=C" works, though any Windows user has to create a .bat file to change languages.

For the Windows users:

smuxi_english.bat in Smuxi's folder:

<pre>

@echo off

set LANG=C

start /l smuxi-frontend-gnome.exe

</pre>
