| Updated: | 08/30/2011 | Due date: | |
| Complexity: | Low | | |
| Subject: | Automatically assume "irc" as protocol if not specified in /connect command | | |
| Description: | Many new users have issues with the /connect command because it requires you to specify the protocol as Smuxi supports more than one. If the user is not specifying the protocol Smuxi should simply assume "irc" as Smuxi is still 90% an IRC client. | | |
